

*Process Control & Engineering, Inc.  
Monarch Design Company*

PCE Monarch has combined its 25 years' experience and knowledge of Facilities and Processes with advanced animation techniques to create a powerful tool for training and maintenance:

## *Visual Training & Maintenance Assistant*

Visual representation of the machinery and processes in operation mode will be a powerful tool for on-line and off-line Training.

Animated representation of maintenance procedures will reduce the time and prior knowledge required for corrective, preventative and predictive maintenance.

## *Visual Training and Maintenance Assistant*
